

# Working On Purpose Workshop

Hosted by: Minnesota Lawyers Concerned for Lawyers  
6.0 CLE Credits

ARE YOU WORKING ON PURPOSE? Does the law, as it exists in your life now, fulfill your purpose? How do you know? Many of us choose law to make a difference, but sometimes we fail to find the critical connection between who we are and what we do., perhaps it is time to explore your purpose.

Discovering our purpose and the search for meaning in life is a “cradle to grave” process. Does our work align with our values, our talents and our passions? We often wonder about these basic life questions:

**Who am I, really?  
Am I in the right job or career?**

**Where do I belong?  
What is my purpose in life?**

Based on over 20 years of research and practice, the WORKING ON PURPOSE WORKSHOP is designed for people who want to reflect on their place and their purpose. In this interactive workshop you will have the opportunity to reflect and prepare for the next phase of your career and your life. This one-day workshop, adapted to lawyers, will provide you with the tools to clarify your life direction and to move forward with confidence and motivation.

The Purpose Project is collaboration between the Center for Spirituality and Healing at the University of Minnesota and Richard Leider. Leider is the founder of the Inventure Group of Minneapolis, and has been named by Forbes magazine as one of the world’s top life coaches.

This workshop will be facilitated by Bob Burns, a lawyer for over 30 years. Bob was the first board certified lawyer in South Dakota and served as president of both state and national legal organizations. He is one of the professionals trained by and affiliated with The Purpose Project.

**Cost: \$125 – includes lunch and materials**
