CLE: A Family Affair: When Loved Ones' Mental Health and Substance Use/Behavior Shows Up in Your Practice and Your Life

Tuesday, December 19, 2017 at the LCL office.

3:30 p.m. – 4:30 p.m.

1.0 Elimination of Bias CLE credit applied for.

Speakers: Joan Bibelhausen, J.D. and Diane Markel, M.S., L.A.D.C.

Substance use disorders are family diseases and the affected family includes the roles of the person with an addiction and his or her enablers. The enablers may be one of the parties in a proceeding, they may have grown up to become your clients, they may be one of your colleagues or the other lawyer. Other mental health issues may be present at the same time or separately.

This program will offer information about the affected family system (related by blood, marriage or because they work together), codependency, and how it will show up in your office. Characteristics, strategies and recognizing co-dependent behaviors and boundary issues in yourself toward affected clients will be discussed.

This program is open to all lawyers. To register or if you have questions, please call 651-646-5590 or email aerbst@mnlcl.org. We ask \$10 per credit for our CLE programs but scholarships are always cheerfully granted.

If you would like to participate via teleconference, please make your reservation early and we will email you the instructions and handouts.
