Lawyers Concerned for Lawyers

TITLE: CASE MANAGER

GENERAL DESCRIPTION

Lawyers Concerned for Lawyers is Minnesota's Lawyer Assistance Program. LCL provides free, confidential peer and professional assistance to Minnesota lawyers, judges, law students, and their immediate family members on any issue that causes stress or distress.

The Case Manager monitors client progress and coordinates the services provided to clients by LCL and community resources.

Primary duties are management of the intake process, monitoring of services provided by affiliates and volunteers, assessment of client need, referral, including to treatment, and follow up. The case manager is responsible for quality assurance and maintaining a high quality of service to clients, confidentiality, efficient coordination and increasing the profile of the program.

The Case Manager contributes to the overall goals of the program including education and information to members of the legal community, outreach, education and peer volunteer support.

QUALIFICATIONS

Required Qualifications:

Degree in social work, psychology, addiction or related field with specific training in counseling, substance use, mental health; post-graduate degree preferred

Clinical or related experience working with persons with substance use and mental health issues.

Excellent communication skills and personal empathy.

Ability to work independently, be flexible and creative, and work as a member of a team.

Ability to follow up quickly and consistently with clients and others.

Basic computer and record-keeping skills including database case management.

The ability to develop community networks and work with a range of professionals, associations, community resources and treatment facilities is important to promote the values and goals of the lawyer assistance program.

Desired Qualifications:

Demonstrated experience working with the legal or other professionals and their families.

Knowledge of the legal culture.

Knowledge of Employee Assistance Programs

Experience in conducting interventions.
